Choose your finish

One stone can look completely different depending on its finish. Availability varies by stone; ask us for samples.

Natural / Cleft

Hand-split along the stone's own seam for an authentic, uneven face.

Suits: Sandstone, slate, quartzite

Honed

Sawn and ground to a smooth, matt, semi-polished surface.

Suits: Marble, limestone, granite, sandstone

Tumbled

Drummed with abrasives for rounded edges and an aged look.

Suits: Sandstone, limestone, marble

Sandblasted

Fine sand blasting gives an even, lightly textured, non-slip face.

Suits: Granite, limestone, sandstone

Brushed

Wire brushing softens the surface and shows natural texture.

Suits: Granite, limestone, marble, slate

Flamed

Intense heat flakes the surface into a rough, high-grip finish.

Suits: Granite

Polished

Buffed to a high-gloss, mirror-like shine.

Suits: Granite, marble
